

# Online English

## Online English - Teacher's Guide

The CD *Online English - Teacher's Guide* is a resource bank for EFL- or ESL-teachers looking for themes, crosswords, listening comprehension and other activities. Download or print it and use to complement your text books.

Most of the content is available at two levels. It saves precious preparation time and add variety to the work for teachers and students. The content of more than 1,500 pages includes:

- Themes, some of which with sound files.
- Internet themes
- Crosswords
- News activities
- Complementary language training content with about 2,000 grammar exercises

## Online English - Interactive

With the CD *Online English - Interactive*, hundreds of self-correcting exercises can be used for students who need extra support and/or students who are ahead of the class. *Online English - Interactive* covers both grammar and vocabulary exercises, including listening comprehension.

## With or without internet access

Both CDs are sold with or without the possibility of internet access to updates, news and other complementary material in Online English.

Visit [www.onlinebooksupport.com](http://www.onlinebooksupport.com) for updates and other information.
